

## SUMMER STUDIO IN CLASSICAL ARCHITECTURE 2022 APPLICATION FORM

**The final deadline for submissions for the 2022 program is March 21<sup>st</sup>, 2022.**

### **ADMISSIONS CRITERIA**

Applicants to the **Summer Studio in Classical Architecture** (SSCA) are evaluated in three areas. The admissions committee looks for the following:

1. **The personal statement** should describe your interest in classical architecture as a contemporary design discipline and your motivation for participating in the program.

If you are presently enrolled in an architecture or related design program, the statement should describe how you anticipate the SSCA will complement your ongoing academic studies and support your longer term professional objectives.

If your academic preparation is in an area other than design, it is important to incorporate into the statement what connections you see that bridge your current studies and professional pursuits with classical architecture.

2. **Letters of reference** are an opportunity to have faculty and professional contacts **illuminate your experiences**, strengths and goals **as they relate to participation in the program**. It is essential that your reference letter is from a current or former faculty member.

3. The purpose of the **portfolio** is to demonstrate your level of development through a variety of media and skills. The admissions committee recognizes that the purpose of the SSCA is to provide an introduction to classical architectural design and presumes most students have little to no experience in this area of design practice. The reviewers hope to see projects and other examples of completed work displayed in a concise format, carefully executed.

If your academic background is in design, your work examples should indicate an understanding of basic architectural concepts, graphic techniques and conventions. If your academic background is in a field other than architecture the work may be non-architecture related.

Work may include sketches and drawings in any media. All work should be the student's own. The student's individual contribution to any group or professional design project should be clearly delineated. All projects should include titles, the dates that the work was completed, the course title, and whether the work was done for academic, professional, or personal purposes.

### **APPLICATION REQUIREMENT CHECKLIST:**

- Completed Application Form
- A brief personal statement describing your interest in the program and how the program will support your academic and professional goals
- Examples of your work: suggested 3-4 images submitted as PDF's
