THE ARCHITECTURE OF GROSVENOR ATTERBURY

By Peter Pennoyer and Anne Walker
Foreword by Robert A.M. Stern
New photography by Jonathan Wallen

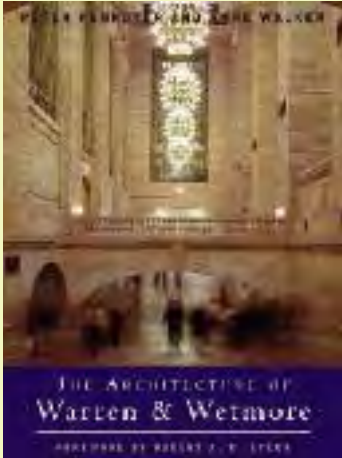

“Peter Pennoyer and Anne Walker evoke an age when successful architects had to demonstrate expertise in a wide variety of styles. In the process, they give to a long-overlooked master the recognition he so richly deserves—and that’s good news for everyone who cares about America’s heritage of great buildings.”

RICHARD MOE, PRESIDENT, NATIONAL TRUST FOR HISTORIC PRESERVATION

“With this insightful and scholarly study, Grosvenor Atterbury’s multifaceted genius is put in a larger context and made whole. From Forest Hill Gardens—one of the unsung masterpieces of American architecture, town planning, and technology—to his work as an institutional architect and museum maker, Atterbury emerges as a figure of prodigious talent.”

BARRY BERGDOLL, THE PHILIP JOHNSON CHIEF CURATOR OF ARCHITECTURE AND DESIGN, MUSEUM OF MODERN ART
